Dear Ms. Miller-Henson,

As you may know, South San Luis Obispo County Sanitation District (District) serves the communities of Arroyo Grande, Grover Beach, and Oceano. We were recently made aware of the possibility of extending a Marine Life Protection Act (MLPA) Marine Management Area to this area of the Central Coast. The District's Waste Water Treatment Plant (WWTP) discharges to the Pacific Ocean in accordance with Federal and State waste discharge requirement. As such, the District considers itself a stakeholder in the process of developing future Marine Management Areas on the Central Coast.

Therefore, we would appreciate advance notification of the opportunity to participate in the Regional Stakeholder Group in any planned future review of the MLPA – Central Coast Study Region.

Please direct future correspondence to Heather Billing, Environmental Compliance Inspector or you may contact her at (805) 544-4011.

Sincerely,

John Wallace
District Administrator
